

Our Global Reach

Unlock Your Potential

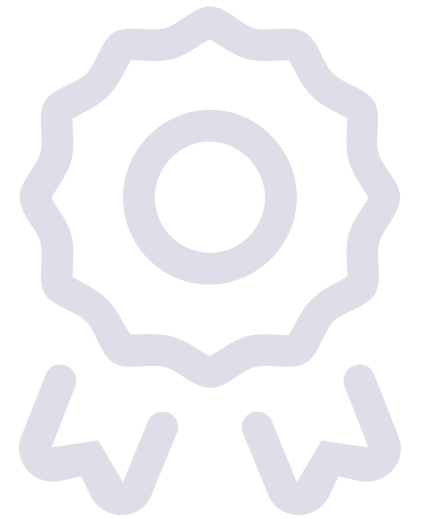

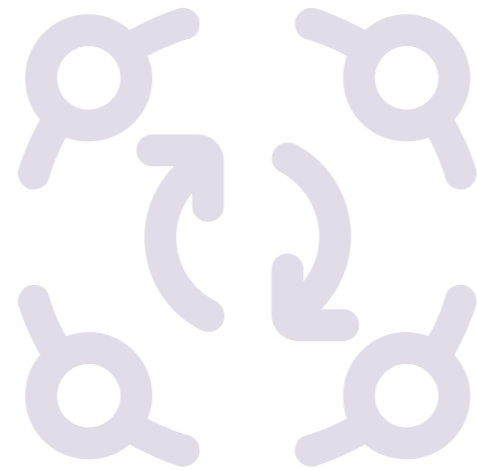

INTERNATIONAL EXPERTISE

As an independent member of BOKS International, we have immediate access to an extensive global network of quality-assured professional service firms

This allows us to connect our clients to advisors worldwide with confidence in the quality and responsiveness of the service they will receive.

Through BOKS International, we can connect you to accounting, legal and HR professionals who will provide the same exceptional level of service for cross-border queries you have grown used to domestically in our care.

Our membership of BOKS International is a commitment to providing you with rapid and reliable professional services anywhere in the world in the quickest possible time, ensuring your business thrives in the global marketplace.

ONE-STOP SHOP

Access to specialists and expertise across diverse locations and disciplines

BOKS International's Global Resourcing framework transforms our firm into a global 'one-stop-shop' for professional services, enabling us to offer high-standard, specialised advice across various complex disciplines, including Corporate Finance, Commercial Law, Transfer Pricing, and Specialist Advisory, in addition to our in-house capabilities.

This means you benefit from specialised expertise in one place, streamlining your access to comprehensive global professional services.

HIGHEST STANDARDS

BOKS members are renowned for their technical expertise and professionalism

BOKS International's strict due diligence process and ongoing quality reviews ensure the highest standards are met and maintained. Whether working with multinational corporations or small start-ups, top-quality services, efficient advice, and cost-effective solutions are ensured.

This commitment to excellence promises you consistent, top-tier service and advice, no matter the size or complexity of your requirement.

"BOKS International is a new and exciting network that is the right fit for us as we look to diversify our client base into an international one."

48 HOUR GUARANTEE

48-hour placement of outbound work is guaranteed

Our commitment to clients extends to guaranteeing the placement of outbound international work within 48 hours, regardless of location. This is a commitment made possible by the responsiveness of the BOKS

International central team, the reactivity of alliance members and its contractual standards. As our client, you can rest assured your international needs will be looked after promptly and professionally.

“As BOKS International members, TC Group has reliable 48-hour access to established high-quality firms worldwide. We’ve utilised this service multiple times with exceptional results. The central team of BOKS International consistently surpasses our expectations to fulfill our needs and ensure excellent service for our domestic clients.”

TC Group, Richard Keyes

Member since: July 2017

KNOWLEDGE SHARING

Professional enrichment and collaboration

Our membership with BOKS International not only connects us to the global marketplace but enables continual professional development and innovative collaboration with esteemed peers. Our engagements in the alliance’s CPE-accredited webinars, focused Special Interest Groups, and conference round table discussions enrich our knowledge and hone our expertise.

This commitment ensures we remain at the forefront of industry developments and maintain our high proficiency levels. The result is an ever-evolving, innovative service delivery that consistently meets your needs, reflecting the latest trends and insights in the professional services landscape.

Superior UK Automotive Ltd The Superior Choice for Limousines, Hearses and Removal Vehicles

In the summer of 2018, PKS Stahl received an urgent requirement from TC Group UK, both member firms of the BOKS International alliance. Within 24 hours, PKS Germany contacted the client to solve the following issue:

Superior UK's major German supplier had fallen into insolvency whilst several of their high-class vehicles were still in the process of complete conversion.

It was of utmost importance to safeguard the client's ownership of the vehicles and supervise the processing speed at the insolvent company, since the delivery of the vehicles had already been delayed for several weeks. Together with the client and TC Group, PKS Stahl set-up to keep as many vehicles in production as possible.

Due to the insolvency administrator's need for cash, it was important to secure the prepayments required by the administrator to finish the vehicles in favour of Superior UK. At the first strategic meeting, the interests of the client (who accepted most of the requirements to set-up incorporation with Superior UK and TC Group) were made clear to the administrator. When it was understood that the administrator's search for an investor would not be successful, alternative measures were considered.

At the end of the process, only three of the vehicles were not completed. The incomplete vehicles were in a non-driveable condition and, therefore, alternative solutions had to be found, to minimise the damage to Superior UK. PKS Stahl took the challenge to sell the vehicles through multiple channels to reduce the loss of the client. After six weeks of negotiations, the vehicles were successfully sold within Germany, leading to some international tax questions regarding VAT.

"BOKS International values take international networking to the next level for our company. Stability, fast reaction times and professional services at a high standard are the key to success. Global recommendations create future business with our existing clients. BOKS International meets all these requirements. Our membership of the alliance means more to us than just business – it is creating motivation and international friendship."

PKS Stahl, Alex Stahl
Germany | Member since: 2017

Steve McIntyre, VAT Partner at TC Group, and Sven Semmler, Tax Partner at PKS Stahl, collaborated on the question of a cross-border VAT situation arising through the bankruptcy of Superior UK's German business partner and the location of the goods in Germany (temporary intra-Community movement).

This work involved the registration process with the German tax authority, the timely submission of advanced VAT returns and the submission of yearly VAT returns, as well as communication with the tax authority and the insolvency administrator.

Both members benefitted heavily from the collaboration and the successful outcome of the case is supported by the following feedback from Superior UK.

"Just to say thank you all very much for all your help and assistance over the past year, I will certainly feedback to TC Group what great asset you have been."

Superior UK Automotive Ltd.

ABOUT BOKS INTERNATIONAL

Supporting your business with urgency and adaptability

Founded in 2017 as a platform for internationally focussed professional service firms to extend their 'global reach' without compromising their freedom or distinct character. Our mission is to foster meaningful, long-lasting relationships, providing a framework for rapid and reliable client support worldwide.

Strict quality criteria for membership include the use of remote due-diligence checks and peer reviews, allowing us to ensure the highest professional standards, while our range of meetings and communities help firms to stay at the cutting edge of their respective disciplines.

Our multidisciplinary member base provides a 'one-stop shop' for businesses with a complex array of domestic and cross-border challenges. Whatever your need, regardless of location, we have the resources to support you and your business.
